RESOLUTION NO. _____

RESOLUTION URGING THE FLORIDA LEGISLATURE TO ENACT A BILL IMPLEMENTING THE PROVISIONS OF AMENDMENT 4 ENTITLED "SOLAR DEVICES OR RENEWABLE ENERGY SOURCE DEVICES; EXEMPTION FROM CERTAIN TAXATION AND ASSESSMENT" APPROVED BY FLORIDA VOTERS ON AUGUST 30, 2016; PRELIMINARILY IDENTIFYING THIS ISSUE AS A CRITICAL COUNTY PRIORITY FOR THE 2017 STATE LEGISLATIVE SESSION

WHEREAS, solar photovoltaic energy offers many potential benefits, including lower electricity costs for homeowners, businesses, and governments; local jobs and economic development; reduced dependence on imported fuels; pollution-free electricity generation; no water use; and contribution to a more resilient electric grid; and

WHEREAS, Floridians spends billions of dollars each year purchasing carbon-based fuels from other states and countries to power their homes, businesses, and vehicles, while solar power will keep energy dollars in the state and create good-paying local sales, installation, and maintenance jobs; and

WHEREAS, Florida has the third-highest potential for rooftop solar energy generation in the United States, but currently ranks 14th in the nation for installed solar capacity, according to the Solar Energy Industry Association; and

WHEREAS, Miami-Dade County has consistently supported increased use of solar electricity, including customer-sited systems on residential and commercial properties because such distributed solar energy generation systems will be a key strategy for achieving a sustainable, low carbon energy future; and

WHEREAS, in 2008 Florida voters approved a constitutional amendment that authorized the Florida Legislature to exclude wind resistance and renewable energy improvements from residential property appraisals; and

WHEREAS, the exemption of solar energy systems from residential property taxes, enabled by the 2008 amendment and the implementing legislation passed by the Legislature in 2013, encourages homeowners to invest in rooftop solar and other renewable energy systems; and

WHEREAS, Amendment 4, entitled “Solar Devices or Renewable Energy Source Devices; Exemption from Certain Taxation and Assessment,” was presented to voters at the August 30, 2016, election as a result of the unanimous passage of House Joint Resolution 193 by both the Florida House of Representatives and Florida Senate on March 9, 2016; and

WHEREAS, Amendment 4 authorizes the Florida Legislature to do the following:

- (1) Exempt the assessed value of solar devices or renewable energy source devices subject to tangible personal property tax from ad valorem taxation; and
- (2) Prohibit the consideration of the installation of a solar device or a renewable energy source device in determining the assessed value of real property for the purpose of ad valorem taxation; and

WHEREAS, Amendment 4 takes effect January 1, 2018, and expires on December 31, 2037; and

WHEREAS, this Board in Resolution No. R-806-16 approved of the policy underlying Amendment 4 entitled “Solar Devices or Renewable Energy Source Devices; Exemption from Certain Taxation and Assessment” and expressed its support for efforts to increase solar energy generation and other forms of renewable energy in the State of Florida; and

WHEREAS, on August 30, 2016, nearly 2 million Florida voters supported Amendment 4 with an electoral margin of victory of 73 percent to 27 percent; and

WHEREAS, as a result of Amendment 4's passage by Florida voters, the Florida Legislature is authorized, by general law, to exempt from ad valorem taxation the assessed value or renewable energy source devices subject to tangible personal property tax, and to prohibit consideration of such devices in assessing the value of real property for ad valorem taxation purposes,
